Annual Flock Test Fee 1-5 Ewes \$50

Annual Flock Test Fee 6-25 Ewes \$60

Annual Flock Test Fee 26+ Ewes \$70

Amount Enclosed: \$ _____ **Check #:** _____

DHIA Flock/Herd Code _____ - _____ - _____

- ◆ List on a separate sheet of paper the farm prefix and registration number for all ewes on test.
- ◆ Flock owners must take responsibility for knowing when a verification test is needed, making sure it is done during the current lactation, and notifying NADSA when it is completed. Not currently required for Awards.
- ◆ Renewal fees must be paid by January 31st each year or records will not be official DHIR with NADSA.
- ◆ Publication rights of any production information are granted to NADSA for use in dairy sheep research or NADSA Programs. NADSA requires Open Flock Disclosure for all DHIR participants.

I understand that it is my responsibility to know and abide by all NDHIA, regional DHIA, and NADSA Testing Rules. I understand that any fraudulent practice in feeding, care, or management of my ewes on test that is intended to cause, or does cause an abnormal yield of milk, butterfat, or protein, or is intended to influence rolling flock averages is a violation of NDHIA and NADSA rules.

I understand that any violation of these rules may cause the rejection, or the expunging and canceling of the record; and in addition, may cause me to be denied the use of and privileges of DHIR testing.
